

Introducing ...
the NEW HS5000

“There’s a way to make it better — find it!” Thomas Edison

We found 7 ways to make it better!

1 38% smaller
Valve door now measures just 4.4 x 6.3 in (11.2 x 16.0 cm)
Same easy-to-install rough-in kit, but smaller

2 Improved rubber door seal ensures optimum suction throughout system

3 Improved hose-locking system smoother and more efficient

4 New mini cuff connects directly to tools or handle

5 Solves thicker wall issue curve in tubing allows adjustment for wall thickness up to 1.5 in (3.8 cm)

6 Improved on/off switch simpler and more reliable

7 Made in the U.S.A. close-to-home quality control
